Hi, all...we were planning on sending the other posters, fact sheets and sign-in sheets out today for arrival to be on the safe side, given the weather. However, we can probably get this one done by tomorrow and ship it separately overnight for arrival Thursday – hopefully !! We will spend some extra \$\$ shipping the second package, but I'd feel better shipping this one separately just in case it's delayed, we wouldn't delay the entire shipment. Let me know what you would like to do.

Donn,

Is there anyway Lorraine can make one additional poster? Sorry for the late notice, but I believe this picture of the work area overview would be beneficial.

Hello, everyone! Attached are draft final posters for your meeting Jan 30. These will be enlarged,

mounted and come with "feet" that will allow you to stand them on a table, if needed. Let me know if these look OK and I'll get them into production. Valmichael...I cropped off a bit from your pics to make them enlarge better and accommodate the captions (I pulled these from the email from your vendor). I added the date they were taken to the caption. Let me know if you have any further revisions. Thanks! **I would like to get these into production by COB today, if possible.**
